

Annals of Vascular Surgery 1989

A

Abdominal aorta

Neuroleptanesthesia versus thoracic epidural anesthesia for abdominal aortic surgery. Bonnet et al. (France) 1989; 3:214-219

Abdominal aortic aneurysm

Aneurysms of the abdominal aorta in the neonate and infant. Roques et al. (France) 1989; 3:335-339

Perioperative cardiac complications of surgical repair of infrarenal aortic aneurysms. Gouny et al. (France) 1989; 3:328-333

Aberrant right subclavian artery

Aberrant right subclavian artery aneurysm: Report of a case and review of the literature. (Case report). Jebara et al. (France) 1989; 3:68-73

Above-knee bypass

The in situ bypass above the knee. Buchbinder et al. (USA) 1989; 3:210-212

Acellular vascular matrix

Acellular vascular matrix: a natural endothelial cell substrate. Lalka et al. (USA) 1989; 3:108-116

Acute mesenteric ischemia

Liver abscess following superior mesenteric artery revascularization for acute mesenteric ischemia. (Case report). Shah et al. (USA) 1989; 3:261-263

Air-plethysmography

Progress in the investigation of chronic venous insufficiency. Nicolaides et al. (England) 1989; 3:278-291

All payer DRG systems

Financial risk and hospital cost in stratified, peripheral vascular surgical DRGs without complications and comorbidities. Munoz et al. (USA) 1989; 3:170-176

Anesthesia

Neuroleptanesthesia versus thoracic epidural anesthesia for abdominal aortic surgery. Bonnet et al. (France) 1989; 3:214-219

Aneurysms. see also Aortic aneurysm

Aberrant right subclavian artery aneurysm: Report of a case and review of the literature. (Case report). Jebara et al. (France) 1989; 3:68-73

Primary atherosclerotic aneurysm of the profunda femoris artery associated with distal embolization. (Case report). Markland. (England) 1989; 3:389-390

Surgical approach to the treatment of popliteal aneurysm. Lim et al. (USA) 1989; 3:1-4

Anticoagulation

Percutaneous transluminal angioplasty without anticoagulation. Ameli et al. (Canada) 1989; 3:244-246

Aorta

Endoaortic calcific proliferation of the upper abdominal aorta. (Case report). Peillon et al. (France) 1989; 3:181-186

Long-term patency of regenerated neoaortic wall following the implant of a fully biodegradable polyurethane prosthesis: experimental lipid diet model in pigs. Galletti et al. (Switzerland) 1989; 3:236-242

Preoperative spinal cord arteriography in aneurysmal disease of the descending thoracic and thoracoabdominal aorta: Preliminary results in 45 patients. Kieffer et al. (France) 1989; 3:34-46

Aortic aneurysm

Aortoiliac reconstruction and renal transplantation: staged or simultaneous. Piquet et al. (France) 1989; 3:251-255

Management of suspected mycotic suprarenal aortic aneurysm. (Case report) Semel et al. (USA) 1989; 3:380-383

Preoperative spinal cord arteriography in aneurysmal disease of the descending thoracic and thoracoabdominal aorta: Preliminary results in 45 patients. Kieffer et al. (France) 1989; 3:34-46

Retrograde dissections of the aortic arch after exclusion-bypass of the descending thoracic aorta: A report of three cases. Patra et al. (France) 1989; 3:341-344

Traumatic rupture and aneurysm of the aortic isthmus: Late results of repair by direct suture. Roques et al. (France) 1989; 3:47-51

Aortic bypass

Retrograde dissections of the aortic arch after exclusion-bypass of the descending thoracic aorta: A report of three cases. Patra et al. (France) 1989; 3:341-344

Aortic dissection

Retrograde dissections of the aortic arch after exclusion-bypass of the descending thoracic aorta: A report of three cases. Patra et al. (France) 1989; 3:341-344

Aortic isthmus

Traumatic rupture and aneurysm of the aortic isthmus: Late results of repair by direct suture. Roques et al. (France) 1989; 3:47-51

Aortic trauma

Traumatic rupture and aneurysm of the aortic isthmus: Late results of repair by direct suture. Roques et al. (France) 1989; 3:47-51

Aortoappendicular fistula

Aortoappendicular fistula after aortoiliac prosthetic replacement. (Case report). Fievé and Bour. (France) 1989; 3:187-189

Aortocoronary bypass graft

Perioperative cardiac complications of surgical repair of infrarenal aortic aneurysms. Gouny et al. (France) 1989; 3:328-333

Aortic dissection

Retrograde dissections of the aortic arch after exclusion-bypass of the descending thoracic aorta: A report of three cases. Patra et al. (France) 1989; 3:341-344

Aortic isthmus

Traumatic rupture and aneurysm of the aortic isthmus: Late results of repair by direct suture. Roques et al. (France) 1989; 3:47-51

Aortic trauma

Traumatic rupture and aneurysm of the aortic isthmus: Late results of repair by direct suture. Roques et al. (France) 1989; 3:47-51

Aortoappendicular fistula

Aortoappendicular fistula after aortoiliac prosthetic replacement. (Case report). Fievé and Bour. (France) 1989; 3:187-189

Aortocoronary bypass graft

Perioperative cardiac complications of surgical repair of infrarenal aortic aneurysms. Gouny et al. (France) 1989; 3:328-333

Aortoiliac occlusive disease

Aortoiliac reconstruction and renal transplantation: staged or simultaneous. Piquet et al. (France) 1989; 3:251-255

Aortoiliac surgery

Aortoiliac reconstruction and renal transplantation: staged or simultaneous. Piquet et al. (France) 1989; 3:251-255

Appendix

Aortoappendicular fistula after aortoiliac prosthetic replacement. (Case report). Fievé and Bour. (France) 1989; 3:187-189

ARMA. see Frequency analysis

Arterial angioplasty

Utilization of laser arterial angioplasty. Steg and Ménasché. (France) 1989; 3:86-92

Arterial injury

Blunt arterial injuries associated with multiple trauma. Welling et al. (USA) 1989; 3:345-350

Arterial ischemia

Acute peripheral arterial ischemia: A prospective evaluation of differential management with surgery of thrombolysis. Earnshaw et al. (England) 1989; 3:374-378

Arterial thromboembolism

Acute peripheral arterial ischemia: A prospective evaluation of differential management with surgery of thrombolysis. Earnshaw et al. (England) 1989; 3:374-378

Arteries

Blunt arterial injuries associated with multiple trauma. Welling et al. (USA) 1989; 3:345-350

Carotid artery stump Pressure: How reliable is it in predicting the need for a shunt? Gnanadev et al. (USA) 1989; 3:313-316

Persistent hypoglossal artery encountered during carotid endarterectomy. (Case report). McCartney et al. (Canada) 1989; 3:257-260

Primary atherosclerotic aneurysm of the profunda femoris artery associated with distal embolization. (Case report). Markland. (England) 1989; 3:389-390

Septic peripheral embolization from bacterial and fungal endocarditis. Freischlag et al. (USA) 1989; 3:318-323

In situ bypass to the dorsalis pedis and tibial arteries at the ankle. Levine et al. (USA) 1989; 3:205-209

Arterioportal fistula

Iatrogenic arterioportal fistulae: Diagnosis and management. (Case report). (USA) 1989; 3:52-55

Arteriosclerosis

Basic data related to the natural history of intermittent claudication. McDaniel et al. (USA) 1989; 3:273-276

Surgery for radiation-induced symptomatic carotid atherosclerosis. Francfort et al. (USA) 1989; 3:14-19

Arteriovenous fistula

Congenital arteriovenous malformation of the scalp with high output cardiac failure: A case report. (Case report). Sugrue et al. (Ireland) 1989; 3:387-388

Venous insufficiency in a young man secondary to a traumatic arteriovenous fistula. (Case report). Psaila et al. (United Kingdom) 1989; 3:63-67

Ascending venography

Progress in the investigation of chronic venous insufficiency. Nicolaides et al. (England) 1989; 3:278-291

Atherosclerosis

Primary atherosclerotic aneurysm of the profunda femoris artery associated with distal embolization. (Case report). Markland. (England) 1989; 3:389-390

Semiclosed transfemoral iliac endarterectomy with an oscillating ring tripper. (Tech. note). Stevick and Bloom. (USA) 1989; 3:392-396

Symptomatology and anatomic patterns of peripheral vascular disease: differing impact of smoking and diabetes. Menzoian et al. (USA) 1989; 3:224-228

Autotransfusion

The plasma collection system: A new concept in autotransfusion. Tawes et al. (USA) 1989; 3:304-306

B

Bacterial endocarditis

Septic peripheral embolization from bacterial and fungal endocarditis. Freischlag et al. (USA) 1989; 3:318-323

Bacterial gene markers

Transfection with bacterial genes as a marker for cells seeded on vascular flow surface. Etchberger and Taylor. (USA) 1989; 3:123-126

Biodegradable grafts

Long-term patency of regenerated neoaortic wall following the implant of a fully biodegradable polyurethane prosthesis: experimental lipid diet model in pigs. Galletti et al. (Switzerland) 1989; 3:236-242

Blood

The plasma collection system: A new concept in autotransfusion. Tawes et al. (USA) 1989; 3:304-306

Budd-Chiari syndrome

Acute Budd-Chiari syndrome secondary to leiomyosarcoma of the inferior vena cava. (Case report). Kracht et al. (France) 1989; 3:268-271

C

Cardiac complications

Perioperative cardiac complications of surgical repair of infrarenal aortic aneurysms. Gouny et al. (France) 1989; 3:328-333

Carotid artery

Carotid artery stump pressure: How reliable is it in predicting the need for a shunt? Gnanadev et al. (USA) 1989; 3:313-316

Intimal fibroplasia: An unusual etiology of stroke. (Case report). Schwartz and Gomez. (USA) 1989; 3:384-386

Carotid endarterectomy

Carotid artery stump pressure: How reliable is it in predicting the need for a shunt? Gnanadev et al. (USA) 1989; 3:313-316

Carotid endarterectomy in community practice: Surgeon-specific versus institutional results. Gibbs and Guzzetta. (USA) 1989; 3:307-311

Carotid endarterectomy in patients with contralateral carotid occlusion: Is the risk increased? McKittrick et al. (USA) 1989; 3:324-326

Cervical wound hematoma after carotid endarterectomy. Welling et al. (USA) 1989; 3:229-231

- Persistent hypoglossal artery encountered during carotid endarterectomy. (Case report). McCartney et al. (Canada) 1989; 3:257-260**

- An improved procedure for enzymatic harvesting of highly purified canine venous endothelial cells for experimental small diameter vascular prostheses. Müller-Glauser et al. (Switzerland) 1989; 3:134-139
- An ultrastructural and immunocytochemical analysis of human endothelial cell adhesion on coated vascular grafts. Curti et al. (Italy) 1989; 3:351-363
- Aortoappendicular fistula after aortoiliac prosthetic replacement. (Case report). Fievé and Bour. (France) 1989; 3:187-189
- Arterial infection following renal transplantation: successful management using transperineal femorofemoral crossover graft. (Case report). Duchateau et al. (Belgium) 1989; 3:264-266
- Below-knee femoropopliteal bypass using externally supported polytetrafluoroethylene (PTFE) grafts. Tuchmann and Dinstl. (Austria) 1989; 3:177-180
- Cell seeding for small diameter ePTFE vascular grafts: a comparison between adult human endothelial and mesothelial cells. Thomson et al. (United Kingdom) 1989; 3:140-144
- A comparison between fibronectin and matrigel pre-treated ePTFE vascular grafts. Patterson et al. (USA) 1989; 3:160-165
- Derivation of human microvascular endothelial cells for prosthetic vascular graft seeding. Sharp et al. (USA) 1989; 3:104-106
- Endothelial cell interactions with native surfaces. Hoch and Jarrell. (USA) 1989; 3:153-158
- Functional failure of patent femorodistal in situ grafts. Fowl et al. (USA) 1989; 3:200-203
- Long-term patency of regenerated neoaortic wall following the implant of a fully biodegradable polyurethane prosthesis: experimental lipid diet model in pigs. Galletti et al. (Switzerland) 1989; 3:236-242
- Perioperative cardiac complications of surgical repair of infrarenal aortic aneurysms. Gouny et al. (France) 1989; 3:328-333
- Greenfield filter**
- Analysis of inferior venacavography before Greenfield filter placement. Mejia et al. (USA) 1989; 3:232-235
- H**
- HAEC substrate interaction**
- An ultrastructural and immunocytochemical analysis of human endothelial cell adhesion on coated vascular grafts. Curti et al. (Italy) 1989; 3:351-363
- Hemodynamic**
- The inherent limitations of sequential arterial bypass grafts: a hemodynamic study. Mills and Robison. (USA) 1989; 3:195-198
- High output cardiac failure**
- Congenital arteriovenous malformation of the scalp with high output cardiac failure: A case report. (Case report). Sugrue et al. (Ireland) 1989; 3:387-388
- Histopathology and biogenesis of intimal hyperplasia**
- Distal anastomotic intimal hyperplasia: Histopathologic character and biogenesis. Sottiurai et al. (USA) 1989; 3:26-33
- Hypoglossal artery**
- Persistent hypoglossal artery encountered during carotid endarterectomy. (Case report). McCartney et al. (Canada) 1989; 3:257-260
- I**
- Infant**
- Aneurysms of the abdominal aorta in the neonate and infant. Roques et al. (France) 1989; 3:335-339
- Infection**
- Arterial infection following renal transplantation: successful management using transperineal femorofemoral crossover graft. (Case report). Duchateau et al. (Belgium) 1989; 3:264-266
- Management of suspected mycotic suprarenal aortic aneurysm. (Case report) Semel et al. (USA) 1989; 3:380-383
- Inferior vena cava**
- Acute Budd-Chiari syndrome secondary to leiomyosarcoma of the inferior vena cava. (Case report). Kracht et al. (France) 1989; 3:268-271
- In situ bypass**
- The in situ bypass above the knee. Buchbinder et al. (USA) 1989; 3:210-212
- Intermittent claudication**
- Basic data related to the natural history of intermittent claudication. McDaniel et al. (USA) 1989; 3:273-276
- Intestinal ischemia**
- Endoabdominal calcific proliferation of the upper abdominal aorta. (Case report). Peillon et al. (France) 1989; 3: 181-186
- Plasma level of the creatine phosphokinase BB isoenzyme during experimental intestinal ischemia. Smirniotis et al. (Greece) 1989; 3:8-10

Intimal fibroplasia

Intimal fibroplasia: An unusual etiology of stroke. (Case report). Schwartz and Gomez. (USA) 1989; 3:384-386

Intimal hyperplasia

Distal anastomotic intimal hyperplasia: Histopathologic character and biogenesis. Sotturai et al. (USA) 1989; 3:26-33

L

Lasers

Utilization of laser arterial angioplasty. Steg and Ménasché. (France) 1989; 3:86-92

Leiomyosarcoma

Acute Budd-Chiari syndrome secondary to leiomyosarcoma of the inferior vena cava. (Case report). Kracht et al. (France) 1989; 3:268-271

Limb loss rate

The effect of postoperative smoking on femoropopliteal bypass grafts. Ameli et al. (Canada) 1989; 3:20-25

Liver abscess

Liver abscess following superior mesenteric artery revascularization for acute mesenteric ischemia. (Case report). Shah et al. (USA) 1989; 3:261-263

Liver biopsy

Iatrogenic arterioportal fistulae: Diagnosis and management. (Case report). Isik et al. (USA) 1989; 3:52-55

M

Magnetic resonance imaging

Vascular applications of magnetic resonance imaging. Mitchell and Carabasi. (USA) 1989; 3:400-413

Matrigel

A comparison between fibronectin and matrigel pre-treated ePTFE vascular grafts. Patterson et al. (USA) 1989; 3:160-165

Mesenteric revascularization

Liver abscess following superior mesenteric artery revascularization for acute mesenteric ischemia. (Case report). Shah et al. (USA) 1989; 3:261-263

Mesoatrial shunt

Acute Budd-Chiari syndrome secondary to leiomyosarcoma of the inferior vena cava. (Case report). Kracht et al. (France) 1989; 3:268-271

Mesothelial cells

Cell seeding for small diameter ePTFE vascular grafts: a comparison between adult human endothelial and mesothelial cells. Thomson et al. (United Kingdom) 1989; 3:140-144

Microvascular endothelial cells

Derivation of human microvascular endothelial cells for prosthetic vascular graft seeding. Sharp et al. (USA) 1989; 3:104-106

Microvessel endothelial cell isolation

Human microvessel endothelial cell isolation and vascular graft sodding in the operating room. Williams et al. (USA) 1989; 3:146-151

Mycotic suprarenal aortic aneurysm

Management of suspected mycotic suprarenal aortic aneurysm. (Case report) Semel et al. (USA) 1989; 3:380-383

N

Native surface interactions

Endothelial cell interactions with native surfaces. Hoch and Jarrell. (USA) 1989; 3:153-158

Neonate

Aneurysms of the abdominal aorta in the neonate and infant. Roques et al. (France) 1989; 3:335-339

Neuroleptanesthesia

Neuroleptanesthesia versus thoracic epidural anesthesia for abdominal aortic surgery. Bonnet et al. (France) 1989; 3:214-219

Noninvasive vascular testing

Basic data concerning noninvasive vascular testing. Moneta and Strandness. (USA) 1989; 3:190-192

Vascular applications of magnetic resonance imaging. Mitchell and Carabasi. (USA) 1989; 3:400-413

O

Obturator bypass

Obturator bypass with nonreversed translocated saphenous vein. (Case report). Panetta et al. (USA) 1989; 3:56-62

Outflow obstruction

Progress in the investigation of chronic venous insufficiency. Nicolaides et al. (England) 1989; 3:278-291

P

Pediatric vascular disease

Aneurysms of the abdominal aorta in the neonate and infant. Roques et al. (France) 1989; 3:335-339

Pentoxifylline

Intravenous pentoxifylline in the treatment of rest pain: a preliminary report. McCollum et al. (Ireland) 1989; 3:220-222

Percutaneous transluminal angioplasty

Percutaneous transluminal angioplasty without anticoagulation. Ameli et al. (Canada) 1989; 3:244-246

Pericardium

Pericardial cells for graft seeding: isolation, culture and identification. Sugimoto et al. (USA) 1989; 3:167-169

Perimalleolar skin blood flow

Blood flow in the perimalleolar skin in relation to posture in patients with venous hypertension. Belcaro et al. (United Kingdom) 1989; 3:5-7

Perineal bypass

Arterial infection following renal transplantation: successful management using transperineal femorofemoral crossover graft. (Case report). Duchateau et al. (Belgium) 1989; 3:264-266

Peripheral emboli

Septic peripheral embolization from bacterial and fungal endocarditis. Freischlag et al. (USA) 1989; 3:318-323

Peripheral vascular disease

Basic data concerning noninvasive vascular testing. Moneta and Strandness. (USA) 1989; 3:190-192

The inherent limitations of sequential arterial bypass grafts: a hemodynamic study. Mills and Robison. (USA) 1989; 3:195-198

- Symptomatology and anatomic patterns of peripheral vascular disease :differing impact of smoking and diabetes.** Menzoian et al. (USA) 1989; 3:224-228
- Peripheral vascular surgical DRGs**
Financial risk and hospital cost in stratified, peripheral vascular surgical DRGs without complications and comorbidities. Munoz et al. (USA) 1989; 3:170-176
- Persistent hypoglossal artery**
Persistent hypoglossal artery encountered during carotid endarterectomy. (Case report). McCartney et al. (Canada) 1989; 3:257-260
- Plasma cell saver**
The plasma collection system: A new concept in autotransfusion. Tawes et al. (USA) 1989; 3:304-306
- Polytetrafluoroethylene grafts**
Below-knee femoropopliteal bypass using externally supported polytetrafluoroethylene (PTFE) grafts. Tuchmann and Dinstl. (Austria) 1989; 3:177-180
- Polyunsaturated n-3 fatty acids**
Long-term patency of regenerated neoaortic wall following the implant of a fully biodegradable polyurethane prosthesis: experimental lipid diet model in pigs. Galletti et al. (Switzerland) 1989; 3:236-242
- Polyurethane**
Long-term patency of regenerated neoaortic wall following the implant of a fully biodegradable polyurethane prosthesis: experimental lipid diet model in pigs. Galletti et al. (Switzerland) 1989; 3:236-242
- Popliteal artery**
Extended medial approach to the popliteal artery without muscular division. (Tech. note). Branchereau and Ondo N'Dong. (France) 1989; 3:77-80
- Popliteal artery aneurysms**
Surgical approach to the treatment of popliteal aneurysm. Lim et al. (USA) 1989; 3:1-4
- Popliteal artery bypass**
The in situ bypass above the knee. Buchbinder et al. (USA) 1989; 3:210-212
- Postphlebitic limbs**
Blood flow in the perimalleolar skin in relation to posture in patients with venous hypertension. Belcaro et al. (United Kingdom) 1989; 3:5-7
- Profunda femoris**
Primary atherosclerotic aneurysm of the profunda femoris artery associated with distal embolization. (Case report). Markland. (England) 1989; 3:389-390
- Prostheses**
An improved procedure for enzymatic harvesting of highly purified canine venous endothelial cells for experimental small diameter vascular prostheses. Müller-Glauser et al. (Switzerland) 1989; 3:134-139
- R**
- Radiation-induced arteriosclerosis**
Surgery for radiation-induced symptomatic carotid arteriosclerosis. Francfort et al. (USA) 1989; 3:14-19
- Renal transplantation**
Aortoiliac reconstruction and renal transplantation: staged or simultaneous. Piquet et al. (France) 1989; 3:251-255
- Arterial infection following renal transplantation: successful management using transperineal femorofemoral crossover graft. (Case report). Duchateau et al. (Belgium) 1989; 3:264-266
- Renovascular hypertension**
Endoaortic calcific proliferation of the upper abdominal aorta. (Case report). Peillon et al. (France) 1989; 3:181-186
- Rest pain**
Intravenous pentoxifylline in the treatment of rest pain: a preliminary report. McCollum et al. (Ireland) 1989; 3:220-222
- S**
- Saphenous vein bypass**
In situ bypass to the dorsalis pedis and tibial arteries at the ankle. Levine et al. (USA) 1989; 3:205-209
- Saphenous vein grafts**
Functional failure of patent femorodistal in situ grafts. Fowl et al. (USA) 1989; 3:200-203
- Saphenous veins**
Obturator bypass with nonreversed translocated saphenous vein. (Case report). Panetta et al. (USA) 1989; 3:56-62
- Scalenus anticus muscle**
An historical look at the thoracic outlet compression syndrome. Barker. (USA) 1989; 3:293-297
- Scalp malformation**
Congenital arteriovenous malformation of the scalp with high output cardiac failure: A case report. (Case report). Sugrue et al. (Ireland) 1989; 3:387-388
- Semiclosed transfemoral iliac endarterectomy**
Semiclosed transfemoral iliac endarterectomy with an oscillating ring tripper. (Tech. note). Stevick and Bloom. (USA) 1989; 3:392-396
- Sequential arterial bypass grafts**
The inherent limitations of sequential arterial bypass grafts: a hemodynamic study. Mills and Robison. (USA) 1989; 3:195-198
- Signal processing**
A new method for doppler frequency analysis that promises a major improvement in performance. Vaitkus et al. (Canada) 1989; 3:364-368
- Small-diameter prostheses**
An improved procedure for enzymatic harvesting of highly purified canine venous endothelial cells for experimental small diameter vascular prostheses. Müller-Glauser et al. (Switzerland) 1989; 3:134-139
- Smoking**
The effect of postoperative smoking on femoropopliteal bypass grafts. Ameli et al. (Canada) 1989; 3:20-25
- Symptomatology and anatomic patterns of peripheral vascular disease:differing impact of smoking and diabetes. Menzoian et al. (USA) 1989; 3:224-228
- Spectral estimation**
A new method for doppler frequency analysis that promises a major improvement in performance. Vaitkus et al. (Canada) 1989; 3:364-368
- Spinal cord arteriography**
Preoperative spinal cord arteriography in aneurysmal disease of the descending thoracic and thoracoabdominal aorta: Preliminary results in 45 patients. Kieffer et al. (France) 1989; 3:34-46

Spinal cord complications

Preoperative spinal cord arteriography in aneurysmal disease of the descending thoracic and thoracoabdominal aorta: Preliminary results in 45 patients. Kieffer et al. (France) 1989; 3:34-46

Streptokinase

Acute peripheral arterial ischemia: A prospective evaluation of differential management with surgery or thrombolysis. Earnshaw et al. (England) 1989; 3: 374-378

Stroke

Carotid endarterectomy in community practice: Surgeon-specific versus institutional results. Gibbs and Guzzetta. (USA) 1989; 3:307-311

Carotid endarterectomy in patients with contralateral carotid occlusion: Is the risk increased? McKittrick et al. (USA) 1989; 3:324-326

Stump pressure

Carotid artery stump pressure: How reliable is it in predicting the need for a shunt? Gnanadev et al. (USA) 1989; 3:313-316

Subclavian-femoral artery bypass

Retrosternal subclavian-femoral artery bypass. (Tech. note). Chauve and Zerez. (France) 1989; 3:74-76

Suture materials

Long-term patency of regenerated neoaortic wall following the implant of a fully biodegradable polyurethane prosthesis: experimental lipid diet model in pigs. Galletti et al. (Switzerland) 1989; 3:236-242

T

Thoracic aorta

Retrograde dissections of the aortic arch after exclusion-bypass of the descending thoracic aorta: A report of three cases. Patra et al. (France) 1989; 3:341-344

Thoracic outlet compression

An historical look at the thoracic outlet compression syndrome. Barker. (USA) 1989; 3:293-297

Thoracoabdominal aorta

Preoperative spinal cord arteriography in aneurysmal disease of the descending thoracic and thoracoabdominal aorta: Preliminary results in 45 patients. Kieffer et al. (France) 1989; 3:34-46

Thrombogenicity

Monoclonal antibody immunoassay in the study of thrombogenicity of preclotted and gelatin-impregnated aortic prostheses. Zahrani et al. (Scotland) 1989; 3:248-250

Thrombolytic therapy

Basic data related to thrombolytic therapy for venous thrombosis. Pilla and Comerota. (USA) 1989; 3: 81-85

Tibial artery

In situ bypass to the dorsalis pedis and tibial arteries at the ankle. Levine et al. (USA) 1989; 3:205-209

Tissue-plasminogen activator

Acute peripheral arterial ischemia: A prospective evaluation of differential management with surgery or thrombolysis. Earnshaw et al. (England) 1989; 3: 374-378

Transfection

Transfection with bacterial genes as a marker for cells seeded on vascular flow surface. Etchberger and Taylor. (USA) 1989; 3:123-126

Trauma

Blunt arterial injuries associated with multiple trauma. Welling et al. (USA) 1989; 3:345-350

The problem of vascular shotgun injuries: Diagnostic and management strategy. Bongard and Klein. (USA) 1989; 3:299-303

Venous insufficiency in a young man secondary to a traumatic arteriovenous fistula. (Case report). Psaila et al. (United Kingdom) 1989; 3:63-67

V

Vascular grafts

Cell seeding for small diameter ePTFE vascular grafts: a comparison between adult human endothelial and mesothelial cells. Thomson et al. (United Kingdom) 1989; 3:140-144

A comparison between fibronectin and matrigel pre-treated ePTFE vascular grafts. Patterson et al. (USA) 1989; 3:160-165

Vascular injuries

The problem of vascular shotgun injuries: Diagnostic and management strategy. Bongard and Klein. (USA) 1989; 3:299-303

Vascular prosthesis

Long-term patency of regenerated neoaortic wall following the implant of a fully biodegradable polyurethane prosthesis: experimental lipid diet model in pigs. Galletti et al. (Switzerland) 1989; 3:236-242

Monoclonal antibody immunoassay in the study of thrombogenicity of preclotted and gelatin-impregnated aortic prostheses. Zahrani et al. (Scotland) 1989; 3:248-250

Vascular training

Training of vascular surgeons in France: Ten years of the French college of vascular surgery. Mellier and Natali. (France) 1989; 3:370-373

Vascular trauma

Basic data related to vascular trauma. Louridas and Perry. (South Africa and USA) 1989; 3:397-399

Vena cava

Analysis of inferior venacavography before Greenfield filter placement. Mejia et al. (USA) 1989; 3:232-235

Venacavography

Analysis of inferior venacavography before Greenfield filter placement. Mejia et al. (USA) 1989; 3:232-235

Venography

Progress in the investigation of chronic venous insufficiency. Nicolaides et al. (England) 1989; 3:278-291

Venous hypertension

Blood flow in the perimalleolar skin in relation to posture in patients with venous hypertension. Belcaro et al. (United Kingdom) 1989; 3:5-7

Venous insufficiency

Progress in the investigation of chronic venous insufficiency. Nicolaides et al. (England) 1989; 3:278-291

Venous insufficiency in a young man secondary to a traumatic arteriovenous fistula. (Case report). Psaila et al. (United Kingdom) 1989; 3:63-67

Venous pressure measurements

Progress in the investigation of chronic venous insufficiency. Nicolaides et al. (England) 1989; 3:278-291

Venous thrombosis

Basic data related to thrombolytic therapy for venous thrombosis. Pilla and Comerota. (USA) 1989; 3:81-85
